**INDEPENDENT AUDITOR'S REPORT**

We have audited the accompanying general purpose financial statements of the State of New Jersey as of and for the year ended June 30, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the State of New Jersey's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit. We did not audit the financial statements of the Component Units - Authorities and College and University Funds. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the general purpose financial statements, insofar as it relates to the amounts included for the Component Units - Authorities and College and University Funds, is based upon the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test

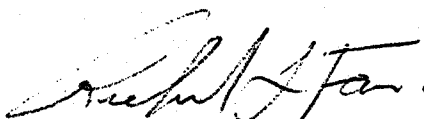

basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the State of New Jersey as of June 30, 2000, and the results of its operations and cash flows of the nonexpendable trust funds and the proprietary fund type authorities for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2000 on our consideration of the State of New Jersey's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the State of New Jersey. The information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, based upon our audit and the reports of other auditors, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

The introductory section and the statistical section listed in the table of contents have not been audited by us, and accordingly, we do not express an opinion on it.

Richard L. Fair  
State Auditor  
November 17, 2000
